2024 Energy Smart Residential Program Equipment Specifications and Documentation Requirements

GENERAL PROGRAM RULES

This offer is valid only for Holland Board of Public Works residential electric customers for a limited time. Offer is good while funds are available, on a first-come, first-served basis. Program begins January 1, 2024, and application must be received within 60 days of purchase and/or installation of measures **OR** December 31, 2024, whichever is later. Holland Board of Public Works reserves the right to withdraw or change this offer without notice. Rebates will not exceed purchase price. Ineligible rebate requests are subject to denial or repayment to program. All equipment must be new and installed or operated in a residential dwelling where electric service is provided by Holland Board of Public Works. If you are unsure if you are eligible for a rebate, please call 616-355-1577.

To verify purchase, all applications must include:

- A copy of the invoice/receipt indicating the make, model, payment in full, and date of purchase.

See below for specific requirements and/or documents that need to be included with this application based on equipment.

EQUIPMENT SPECIFICATIONS

Central Air Conditioning: Include the AHRI Certificate with this application to verify efficiency for SEER2 15.2 or 16.

HVAC Heat Pumps: Heat pumps must be the primary method of heating and cooling the space. Heat pumps not rated cold climate need to have a HSPF2 ≥ 7.5 and a SEER2 ≥ 13.4 . Cold climate heat pumps for non-ducted systems: HSPF2 ≥ 8.4 , SEER2 ≥ 14.3 , and COP ≥ 1.75 at 5°F. Cold climate heat pumps for ducted systems: HSPF2 ≥ 7.7 , SEER2 ≥ 14.3 , and COP ≥ 1.75 at 5°F. Include the AHRI Certificate with this application to verify efficiency for HSPF2 and SEER2. If applying for a cold climate heat pump rebate also include the performance specs showing the COP at 5°F. Rebates cannot exceed \$4,000. Customers purchasing a new furnace or other home heating system in addition to the heat pump are ineligible for the cold climate rebate.

ENERGY STAR Dehumidifier, Refrigerator, Pool Pump, Electric Clothes Dryer, Heat Pump Clothes Dryer, Clothes Washer, Dishwasher, Air Purifier, heat pump water heater: Provide proof of ENERGY STAR certification with this application. Refrigerator must be 10 cubic ft. or larger.

Induction Cooking Appliance: Ranges, cooktops, and single burner induction appliances are eligible.

Zero Energy Ready or ENERGY STAR-Certified New Construction Home

New construction must meet Department of Energy Zero Energy Ready Homes (ZERH) or ENERGY STAR-Certified new construction criteria. Home must be built by a builder registered as a program partner with ZERH or ENERGY STAR and verified by an approved third-party verifier (RESNET or BPI). Provide proof of ZERH or ENERGY STAR- Certification by the third-party vendor. Provide proof of third-party certification.
