	150 Watt LED Security Box Light	\$15.60

Regulations

THE HOLLAND BOARD OF PUBLIC WORKS will furnish and install a complete dusk-to-dawn lighting unit in areas served by electric distribution, including pole and up to one (1) span of wire not exceeding 160 feet. Distances requiring greater than 160 feet of wire will be charged to the customer as an installation charge. The unit is controlled by a photo electric cell—switches are not permitted. Any applicable state or federal tax will be added to the above fee. No discount will apply to charges for security lights.

CUSTOMER HEREBY grants easement for necessary pole or poles and the right of ingress and egress to service the lighting unit.

CUSTOMER HEREBY agrees to pay the monthly charges shown above for a minimum of forty-eight (48) months. If the service is disconnected at the customer’s request at any time in that forty-eight (48) month period the balance that would be billed for the remaining portion of that minimum period will become immediately due and payable, calculated as the number of months remaining times the monthly rate in effect at the time of disconnection.

All rates are subject to change without notice.
