

 **Small Business Program** 

**HOLLAND BOARD OF PUBLIC WORKS**  
**Small Business Energy Efficiency Program**  
**2023 Rebate Application Checklist**

To qualify for the Small Business Program an account must use less than 1,000kW per month (K-Rate)

**Pre-approval Application**

**Required Attachments**

- Pre-Approval Agreement (Page 3)
- Itemized quote (labor & material)
- Manufacturers' specification(s)
- Latest electric utility bill
- W9 of company receiving check

**Incentive Worksheets**

- Lighting (Pages 5-10)
- HVAC (Page 11)
- Kitchen/Retail (Page 12)

**Final Application**

**Required Attachments**

- Payment Approval Agreement (Page 4)
- Itemized invoice (labor & material)

**Rebate Worksheets**

- Lighting (Page 5-10)
- HVAC (Page 11)
- Kitchen/Retail (Page 12)

**Expected Completion Date:** \_\_\_\_\_

**Actual Completion Date:** \_\_\_\_\_

Your completed application and the required materials listed above must be received by **December 31, 2022**.

Limited funds are available. Please allow 6-8 weeks to receive your Energy Smart rebate check from the time your completed application is received.

**Please submit your documents one of two ways:**

**Email** [EnergySmart@hollandbpw.com](mailto:EnergySmart@hollandbpw.com)

**Mail** Energy Smart – Holland BPW  
625 Hastings Ave  
Holland MI 49423

## HOLLAND BOARD OF PUBLIC WORKS

### Small Business Energy Efficiency Program

### 2023 Rebate Application

Ready to start your project? **Follow these 3 simple steps.**

#### Step #1: Request Pre-approval

To ensure that your project is eligible and to reserve funds, please complete, sign and submit all of the following:

1. The Pre-approval Agreement (page 3), completed and signed.
2. The worksheet(s) (pages 5-12) that are applicable to your project, completed.
3. Itemized quote/proposal with model numbers from your contractor.

#### Step #2: Complete Your Project

If your project meets the pre-approval criteria, you will receive a letter indicating funds have been reserved. Following the specifications listed in this application, install your equipment within 90 days. All equipment must be installed and operational by December 31, 2023 To receive your rebate check, a copy of your W9 form must be sent to the email or mailing address below before the project is completed.

#### Step #3: Request Payment

Once your project is complete, please request your rebate payment. Within 30 days of project completion, you must submit the following:

1. Payment Approval Agreement (page 4 of this application), completed and signed
2. Itemized invoice(s) for materials and any applicable external labor costs, including the following:
  - Contractor's name and contact information
  - Customer's name and contact information
  - Date of invoice
  - Line item cost for each product
  - Quantities of each product
  - Complete product model numbers
  - Labor (and other) expenses listed separately from product costs
  - Total invoice amount

**Please submit your documents  
one of two ways:**

**Email** [EnergySmart@hollandbpw.com](mailto:EnergySmart@hollandbpw.com)

**Mail** Energy Smart - Holland BPW  
625 Hastings Ave  
Holland MI 49423

### Pre-approval Agreement – Step #1

Please complete and submit this page, along with the appropriate worksheet(s) and quotes with model numbers from your contractor, before you begin your project. If your project meets the pre-approval criteria, you will receive a letter indicating the funds have been reserved. You can then proceed with completing your project as described in Step #2 on page 2 of this application. Note: Maximum incentive is 100% of customer cost or \$10,000, whichever is less.

## Lighting Worksheet

## Lighting Worksheet (one-for-one unit replacement)

All lighting projects are required to comply with the Illuminating Engineering Society of North America (IESNA) recommended lighting levels or local code. Prescriptive lighting projects must have a minimum of 1,800 hours of usage per year. Lighting incentive cannot exceed 100% of customer cost or \$10,000, whichever is less.

## NEW LED FIXTURES - Prescriptive

| Measure                                   | Specs   | Quantity | \$/Unit  | Total |
|---|---|----------|----------|-------|
| <b>Screw-In Lamps</b>                     |   |          |          |       |
| LED Candelabra/Globe                      | Replace an incandescent lamp with ENERGY STAR LED |          | \$2/Lam  |       |
| LED Lamp (replacing 50-79W incandescent)  |   |          | \$2/Lamp |       |
| LED Lamp (replacing 80-100W incandescent) |   |          | \$2/Lamp |       |
| LED MR16 Lamp (less than 10W)             |   |          | \$3/Lamp |       |
| LED PAR Lamp (less than 20W)              |   |          | \$3/Lamp |       |

| Measure   | Specs  | Quantity | \$/Unit      | Total |
|---|--|----------|--------------|-------|
| <b>Interior Fixtures</b>                        |  |          |              |       |
| LED Downlight Fixture                           | Replace incandescent lamped fixture with fixture designed for pin-based CFLs or LED  |          | \$15/Fixture |       |
| LED Exit Signs                                  | Replace or retrofit an incandescent or fluorescent exit sign with LED.   |          | \$35/Fixture |       |
| <b>Lighting Controls</b>                        |  |          |              |       |
| Occupancy Sensors which control < 500 Square Ft | Sensors which automatically turn lights on when occupancy is detected and automatically turn lights off when no movement is detected after a set length of time; cannot be used in conjunction with instant start ballast                                    |          | \$20/Sensor  |       |
| Occupancy Sensors which control > 500W          |  |          | \$50/Sensor  |       |
| Daylight Harvesting Sensor                      | The controls can be on/off, stepped or dimming and must vary the light output based on the level of sunlight received; the floor plan and control schedule must be submitted; cannot be used with occupancy sensor.  |          | \$0.15/sq ft |       |
| Central Lighting Control                        | For systems that utilize building automation to control the lights based on a set schedule; incentive for occupancy sensors or daylight sensor controls cannot be received on the same fixtures.<br>Control schedule and floor plans must be submitted also. |          | \$0.15/sq ft |       |

## NEW EXTERIOR LED FIXTURES – HID to LED

Exterior lighting must be connected to a functional device (e.g. time clock or light sensor) to prevent it from being on during the day.

#### Exterior Lighting – High-Intensity Discharge (HID) Lighting Replacement\*\*

Incentives are eligible for the replacement or retrofit of an exterior HID fixture (metal halide, mercury vapor, or low pressure sodium) with an induction or LED fixture which has a reduced input wattage of at least 40%. Incentives are per watt per fixture and are based on the original fixture. Incentive is for fixtures that operate less than 24 hours per day. Existing wattages must come from the Standard Wattage Table shown below. Incentive is \$0.60 per watt reduced. LED fixtures must be DLC listed.

## Terms and Conditions

### Terms and Conditions

1. **Eligibility:** These rebates are offered by Energy Smart – Holland BPW to commercial and industrial electric customers installing energy-efficient equipment only. For questions regarding eligibility, call 616-355-1662. Account holder must use less than 250,000 kWh per month.
2. **Rebate Offer:** Energy-efficient equipment subject to rebate from Energy Smart – Holland BPW must be installed and operational by December 31, 2023. Additionally, invoice(s) related to the equipment upgrade must be submitted to Holland BPW within 30 calendar days of installation (completion) and no later than December 31, 2023. Please keep a copy for your records. Incentives are calculated based on prescriptive rebate rates and shall not exceed **100%** of the total cost of equipment, labor, and other associated project costs or \$10,000, whichever is less.
3. **Project Documentation Requirements:** Customer will provide Energy Smart – Holland BPW with documentation as listed in the instructions (page 1). If Customer does not provide required project documents to Holland BPW at pre-approval and payment stages, the project may be disqualified from the program. The project may also be disqualified if pre-approval is not received, unless otherwise noted on the application.
4. **Energy Efficiency Improvement Qualifications:** Increased energy efficiency resulting from peak shaving, demand limiting, or operating schedule changes does not qualify. To qualify, lighting equipment must have a planned minimum usage of 1,800 hours per year. Non-lighting equipment must have a planned minimum usage of 1,500 hours per year. If Customer's equipment does not meet required usage hours per year, a rebate cannot be offered. If Customer has questions or concerns about above qualifications, Customer may contact Energy Smart – Holland BPW to discuss.
5. **Rebate Limit:** \$10,000 per customer from the Small Business Program.
6. **Compliance:**
  - a. All projects must comply with applicable federal, state and local laws.
  - b. All equipment must be new.
  - c. Purchase and installation of used equipment is not eligible for rebates. Existing equipment must be removed and/or permanently disconnected.
  - d. Equipment must meet specification requirements as defined in application Worksheets.
  - e. All projects must be retrofit/replacement installation in an existing building (not available for new construction).
7. **Payment:** Approved Final Applications will receive payment within 45 calendar days of signed payment approval. Incomplete applications will either delay payments or result in denial of application approval. Energy Smart – Holland BPW reserves the right to refuse payment and disqualify Customer from participating in the program if the customer or their contractor violates any program Terms and Conditions. The qualified equipment must be installed and operating for the rated life of the product(s) or for a period of three (3) years from receipt of rebate, whichever is more. If the qualified equipment is removed or replaced with less efficient equipment, or if Customer ceases to be a customer of Holland BPW during the three (3) years, Customer shall refund a prorated amount of rebate dollars, based on the time installed, within thirty (30) days of receipt of notice from Energy Smart - Holland BPW.
8. **Inspection:** Holland BPW staff may conduct inspection(s) of the project site to survey existing conditions and/or newly installed equipment.
9. **Program Discretion:** Incentives are available on a first-come, first-served basis. Rebate amounts and offerings are subject to change and/or termination without notice and at the discretion of Energy Smart – Holland BPW.
10. **Publicity:** Energy Smart – Holland BPW reserves the right to publicize Customer's participation in this program, unless Customer specifically requests otherwise in writing.
11. **Disclaimers:** Energy Smart – Holland BPW:
  - a) Does not endorse any particular manufacturer, product, labor or system design by offering this program;
  - b) Is not responsible for any tax liability imposed on the customer as a result of the payment of incentives. Energy Smart-Holland is tax exempt;
  - c) Does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties;
  - d) Is not responsible for the proper disposal/recycling of any waste generated as a result of this project
  - e) Is not liable for any damage caused by the installation of the equipment and/or for any damage caused by the malfunction of the installed equipment.
12. **Indemnification:** Customer shall, to the fullest extent permitted by law, indemnify and hold harmless Energy Smart – Holland BPW and its officers, agents and employees harmless from and against all losses and litigation expenses arising out of or resulting from the performance of work hereunder and caused, in whole or part, by any act or omission of Contractor. Energy Smart – Holland BPW shall further be entitled to all costs (including both internal and external) incurred in the process of enforcing this or any other provision under this Agreement. This provision is not intended and is not to be construed as a waiver of the defense of governmental immunity otherwise available, nor is it construed as a waiver of the defense of governmental immunity otherwise available, nor is it intended to grant third-party beneficiary status to any person or entity.
13. **Governing Law:** This agreement is construed in accordance with Michigan law without regard to conflict of laws or provisions, and venue is in Ottawa County and Allegan County, Michigan.
14. **Intellectual Property:** No rights in copyright, patents, trademarks, trade secrets, or other intellectual property are granted to contractor and/or subcontractor except as expressly provided under these Terms. Contractor and/or subcontractor will not register or use any mark and/or internet domain name that contains any Holland BPW intellectual property.
