

HOLLAND BOARD OF PUBLIC WORKS

Residential Energy Efficiency Program

2019 Incentive Application

Ready to start your project? Follow these 3 simple steps.

Step #1: Make Sure Your Project is Eligible

Check the specifications listed in this application and/or speak with Holland BPW Conservation Programs Specialist by calling (616) 355-1534 to make sure your project is eligible for Energy Smart incentives. All equipment must be new and installed or operated in a residential dwelling where electric service is provided by the Holland Board of Public Works.

Step #2: Complete Your Project

Install your new, energy-efficient equipment, following the specifications listed on page 4 of this application.

Step #3: Apply for Your Rebate

Once your project is complete, it's time to request your rebate. You must submit:

1. A completed and signed application
2. Itemized invoice(s) for contractor-installed equipment, including installation date, costs for equipment installed and installation labor
3. For furnace, mini-split heat pump, and central air conditioning units, the AHRI certificate
4. A copy of the invoice or receipt indicating make, model, and payment in full

Your completed application and the required materials listed above must be received by December 31, 2019.

Limited funds are available. Please allow 6-8 weeks to receive your Energy Smart rebate from the time your completed application is received.

Please submit your documents one of two ways:
