

State of Michigan Certified Backflow Device Testers

Testing must be performed by a Plumbing or Mechanical Contractor who is certified by the State Plumbing Board and who has had their test gauge certified within the past year.

Below is a list of companies which employ certified testers that have recently tested backflow prevention assemblies for HBPW. This is not a complete list. This list is provided as a courtesy, and is not intended as an endorsement or referral. The businesses listed below have no affiliation with HBPW.
